# American Services and Products

## Services

We are a multi-service corporation providing service and assessment in all security areas. We constantly strive to offer the finest available products for the best possible prices, with guaranteed performance and assured delivery dates.

We offer our clients complete support in the assessment, analysis, planning and implementation of all possible solutions in accordance with their needs.

## Consulting

The consulting services offered by A.S.A.P afford a wide overall perspective to all military and governmental organizations in their fields of operations, logistics, administration, budgeting and training. We are coordinating efforts in our quest to obtain a strong relationship with the United States Federal Government and its Military entities.

Expert consultants in all aspects of military and governmental logistics evaluate the operational situation identifying all requirements, preparing a budget and giving constant support until achieving the final goal.
